About the Band

The Rancho Cordova River City Concert Band is a 501 (c) (3) non-profit organization of approximately 60 volunteer musicians who donate their time and musical talents to present concerts with a broad audience appeal. It is the band's desire to exhibit quality band music to audiences of diverse backgrounds, to foster musical interest among children, and to provide performance opportunities for community musicians. Sponsored by the Cordova Community Council, the full band performs free concerts in multiple venues throughout the year within Rancho Cordova. We also perform as Rancho Cordova's musical ambassadors by touring to perform in other areas such as San Francisco. Our band is a nationally recognized leader in promoting and providing small group ensembles for musical outreach in our community. All musicians are welcome to join us regardless of their skill level. Visit rconcertband.org for more information about becoming a member.
